### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rex Huang on February 18, 2005.

The application has been amended as follows:

In claim 13, line 13, replace "form" with --from--.

In claim 14, line 2, delete "and that is disposed on the upper dielectric layer".

### ***Allowable Subject Matter***

Claims 13-16 are allowed.

The following is an examiner's statement of reasons for allowance: there is no disclosure in the prior art of removing a central portion of the dielectric lining layer from the cavity such that the dielectric lining lines a peripheral cavity-confining surface of the cavity that is transverse to a plane of the lower metal layer to isolate the upper metal layer from the lower metal layer while permitting access to the solder pad portion of the lower metal layer; and filling the cavity with a liquid metal to form an electrical contact that enables external electrical connection with the lower metal layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
